

UNBEATABLE TOOLING, UNBELIEVABLY FAST

Impax Tooling Solutions® is an ideal partner in producing precision parts for the HVAC, climate control and related industries.

We manufacture high precision fin die tooling that is guaranteed to meet the requirements of your most challenging applications. Whether you purchase our stocked punches and dies, or have our engineering team design a custom solution for you, Impax is the top choice when it comes to precision manufacturing for industries with little margin for error.

We achieve unbeatable performance in fin die tooling with the following:

- Microfinishes below 4 Ra
- Tolerances as tight as $\pm .0001$
- Concentricities within $.0003''$
- Premium tool steels, including Ultima® M4 and 10V
- A variety of performance enhancing coatings

2 Week Lead-Time

We lead the industry with an exceptionally quick 2 week turn-around on standard fin die tooling.

Our Guarantee

Your success is our priority. If you're ever unsatisfied with a Wilson Tool International product, we'll do everything we can to make it right and keep you up and running.

For more information, visit wilsontool.com, call our tooling technicians at 800-944-4671 or contact your sales engineer.
