

# Say Goodbye to Shims

The shimless die adaptor from Wilson Tool International is the only adjustable adaptor on the market for Size 1 to Size 2 Trumpf®-style dies. No more looking around for shims, or time wasted measuring shims. Simply measure the die thickness, adjust the shimless die adaptor to the desired setting, insert the die and you're ready to go.

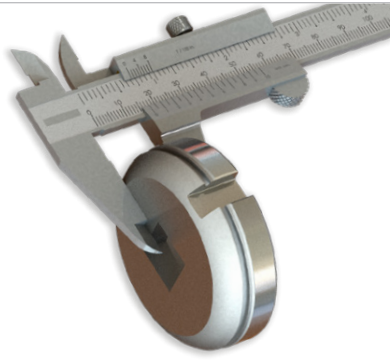

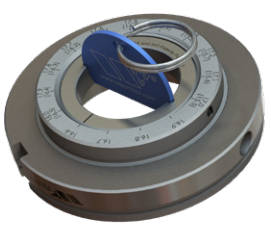

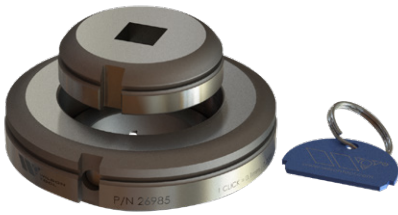

**Note:** Shimless Die Adaptor with brushes also available

## Features and Benefits

- Eliminate the need for shims.
- Easy-to-read dial is adjustable in 0.1mm increments up to 2.5mm in total height.
- Adapts size 1 Trumpf-style dies to size 2.

### ADJUST YOUR DIE HEIGHT WITH THREE SIMPLE STEPS

STEP 1	STEP 2	STEP 3
 <p><b>Measure die thickness</b></p>	 <p><b>Adjust shimless adaptor</b></p>	 <p><b>Insert the die</b></p>

Wilson Tool offers standard and special punches and dies, parting tools, multi-tools and accessories. Explore ways to get more out of your Trumpf machine with Trumpf-style tooling from Wilson Tool at [wilsontool.com/trumpf](http://wilsontool.com/trumpf).
