

YOUR CUSTOM DESIGN, WILSON TOOL MANUFACTURED

When it comes to custom ball lock retainers, Wilson Tool International offers more than just our patented HP Accu-Lock® Retainer Inserts. We also manufacture custom retainers per your specifications.

Product Highlights

- Over 20 years of experience working with custom retainers
- Lead times of 20 days or less
- Competitive pricing
- Standard product offering made from hardened A2 steel for the retainer, and a slightly reduced hardened A2 for the backing plate (additional materials available)
- Light duty or heavy duty
- Maximum length of 14", width of 8"
- Manufactured to meet industry standards for hole locations and radial tolerances (round $\pm 5^\circ$, shaped $\pm 0^\circ 5'$)

How to Get Started

- A pdf of the retainer is needed for the quote
- A .dxf or 3D model is needed at time of order
- Canada Customers
p: 800-268-5573 e: punching@wilsontoolcanada.com
- U.S. Customers
p: 800-944-4671 e: stamping@wilsontool.com
