

A strong and lightweight alternative

Enhance your punch press productivity with the Trumpf® style tool cartridges from Wilson Tool. Designed for strength and performance, the Wilson Tool Trumpf® style cartridge is constructed from 6061 T6 aluminium - a strong yet lightweight alternative to plastic or steel cartridges.

Key Features:

- Hard black anodized finish is wear resistant
- Arms and latches are treated with Nitrex® to improve wear
- Mounting clip to rail is ToolMaster or Truma Tool ready
- Durable, cost effective die plate available
- Comes with ID magnet to mark size and shape information
