

ULTRA TOOLING FROM THE GLOBAL LEADER

Wilson Tool International manufactures punches and strippers that are 100% compatible with Ultra® guide assemblies and holders from Mate Precision Technologies®. These punches include the industry's most durable WB tool steel and are available with Wilson Tool's patented Optima® coating.

Be assured, with every order, you'll always receive the Wilson Tool quality guarantee: Your success is our priority. If you're ever unsatisfied with a Wilson Tool International product, we'll do everything we can to make it right and keep you up and running.

Order all your tooling from the supplier offering the most comprehensive product lines for punch press and press brake tooling solutions.
